

# 12 Miles From Daylight

## FORT STANTON CAVE AND THE SNOWY RIVER DISCOVERY

The 2017 book covers the exploration of this unique cave in central New Mexico including:

First Millennium & Those Who Came Before,  
Military & Public Health Era, The Great Divide and other  
Historical Expeditions.

Covers all of the Major Discoveries from the 1950s to the Present,  
Culminating with the Incredible Breakthrough into a Far-Reaching  
White River of Stone, being the World's Longest Calcite Formation, and  
Then to the Farthest Known Place in Any Cave on Earth From its  
Nearest Opening to the Outside.
